Research Interests

Urban; segregation; immigration; labor; criminal justice; economic mobility; inequality.

Education

2021–2025 **University of Missouri** Columbia, MO
B.S. Economics (Honors Distinction), Mathematics, and Statistics; Magna Cum Laude
Honors Certificate (Writing Intensive); Cumulative GPA: **3.85/4.00**
Cherng Scholar; McNair Scholar; **University Award for Academic Distinction** (1 of 14 undergraduates selected)

Relevant Coursework & Skills

Mathematics: Real Analysis (A+), Topology (A), Calculus III (A+), Differential Equations (A), Matrix Theory (A), Complex Variables (A-)
Statistics: Mathematical Statistics (A), Applied Statistical Models I & II (A, A)
Economics: Quantitative Economics (A+), Econometrics (A), Intermediate Micro (A), Intermediate Macro (A), Honors Thesis (A), American Political Economics (A+)
Tools: Stata, R, Python, L^AT_EX

Research Experience

Harvard Kennedy School — Pre-Doctoral Fellow Sep 2025–Present
(Full-time; 40 hrs/wk)

- Working with Dr. Gordon Hanson on the “Reimagining the Economy” project.
- Constructing and analyzing novel regional datasets to study prosperity and resilience to economic shocks.
- Evaluating industrial policy and place-based interventions; contributing to empirical strategy and research deliverables.

University of Missouri / UCLA — Pre-Doctoral Research Assistant May 2025–Present
(Part-time; 28 hrs/wk)

- Coauthoring (in progress) with Dr. Brittany Street, Dr. Emily Weisburst, and Dr. Felipe Goncalves on historical transportation infrastructure and modern economic mobility.
- Built tract-level datasets in Python for 16,000+ tracts across 172 cities: nearest-distance to highways and railroads; within-city comparisons.
- Constructed city-level instruments related to infrastructure exposure for 29,000+ places; constructed replication package.

Southern Methodist University — NSF REU (Data Science for Social Good) Jun–Jul 2024
(Full-time; 40 hrs/wk; 6% acceptance rate)

- Analyzed housing supply and affordability across 14,000+ Census tracts spanning 10 states.
- Cleaned, crosswalked, and visualized affordability measures; linked tract measures to ACS demographics (Python/Stata/R).
- Implemented reusable Python functions for tract-level merges and demographic crosswalks to support replication and extensions.

University of Missouri — TRIO McNair Scholars (Researcher) Aug 2023–May 2025
(Part-time; 12 hrs/wk)

- Advised by Dr. Brittany Street; analyzed effects of Medicaid expansion on coverage and cost outcomes.
- Built BLS/Census/CMS analysis datasets and implemented staggered DiD designs; produced tables/figures for research outputs.

University of Missouri — Research Assistant Aug 2024–May 2025
(Part-time; 10 hrs/wk)

- Compiled and harmonized 20 years of TANF policy data from spreadsheets and PDFs; created reproducible cleaning pipeline.
- Produced maps and long-panel visualizations (111 cities; 576-city Gantt-style panels across 20 years).

Teaching & Leadership Experience

Teaching Assistant, Introduction to Macroeconomics (ECON 1015) Fall 2023–Spring 2025
(500 students; 10 hrs/wk; Instructor: Dr. George Chikhladze)

Freelance Tutor, Mathematics (Algebra II to Differential Equations) Jan 2022–May 2025
(5 students; 5 hrs/wk)

University of Missouri Economics Society 2022–2024
President (2022–2023); VP of Public Relations (2023–2024) (180+ members)

Work Experience

AltaRisk LLC — Data Analyst Intern Jun–Aug 2023
Overland Park, KS (40 hrs/wk)

- Automated weekly production reports, reducing completion time by 80%.
- Compiled and analyzed loss-claims and underwriting production data for reporting and QA.

Secretary of State Campaign / Local Candidate Campaigns — Finance Director 2022–2023
Overland Park, KS (15 hrs/wk)

- Managed \$500K projected statewide budget; prepared filings and produced weekly finance briefs for leadership.

Grants and Honors

- American Real Estate and Urban Economics Association (AREUEA) Pipeline Scholar (2026)
- University of Missouri Award for Academic Distinction (2025)
- McNair Research Scholar, TRIO Program (2023–2024)
- “Data Science for Social Good” REU, NSF (Summer 2024; SMU)
- David Loschky Scholarship, Mizzou Economics (2024)
- Economics Leaders Board Excellence Award, Mizzou Economics (2023)
- Diversity in Leadership Scholarship, Mizzou Alumni Association (2023)
- Robert R. Butler Scholarship, College of Arts & Science (2023)
- Honors College, University of Missouri (2021–2025)
- Cherng Scholar, University of Missouri (2021)
